PROFILE

Enthusiastic MERN stack developer seeking to leverage skills in JavaScript, MongoDB, Express, React, and Node.js in a dynamic team. Eager to contribute to innovative projects while continuing to grow and learn in a fast-paced environment."

Internship

MERN Internship at Ypsilon IT Solution Pvt Ltd Indore
Duration: 6 Months

As a MERN stack intern at Ypsilon IT Solution, I worked on dynamic web applications utilizing MongoDB, Express.js, React, and Node.js. My responsibilities included:

➢ Collaborating with the development team to design and implement responsive user interfaces.
➢ Writing efficient and scalable backend services using Node.js and Express.
➢ Managing data with MongoDB, ensuring seamless integration and optimal performance.
➢ Developing and integrating RESTful APIs using Node.js and Express to enhance application functionality.

This internship enhanced my technical skills and provided valuable insights into full-stack development within a professional environment.
